

"Journey To Easter" Lenten Table Display

1. Print out all five pages. Color the base.
2. Color and cut out the two pages of hills. Form both into cylinders, using glue or tape—the shorter hills get attached together and then made into one big ring. The taller hills are made into a shorter ring. Place both rings on the base. If you want to, you can tape them down to the base.

3. Color and cut out the crosses—there are eight crosses. Attach each cross on the right day with glue or tape to the matching circled number on the hills (the first 5 go on the lower hills, the last 3 go on the taller hills). Be careful with the numbers: because there is a cross for Ash Wednesday, the cross for the 1st Sunday of Lent goes on the #2, and so on.

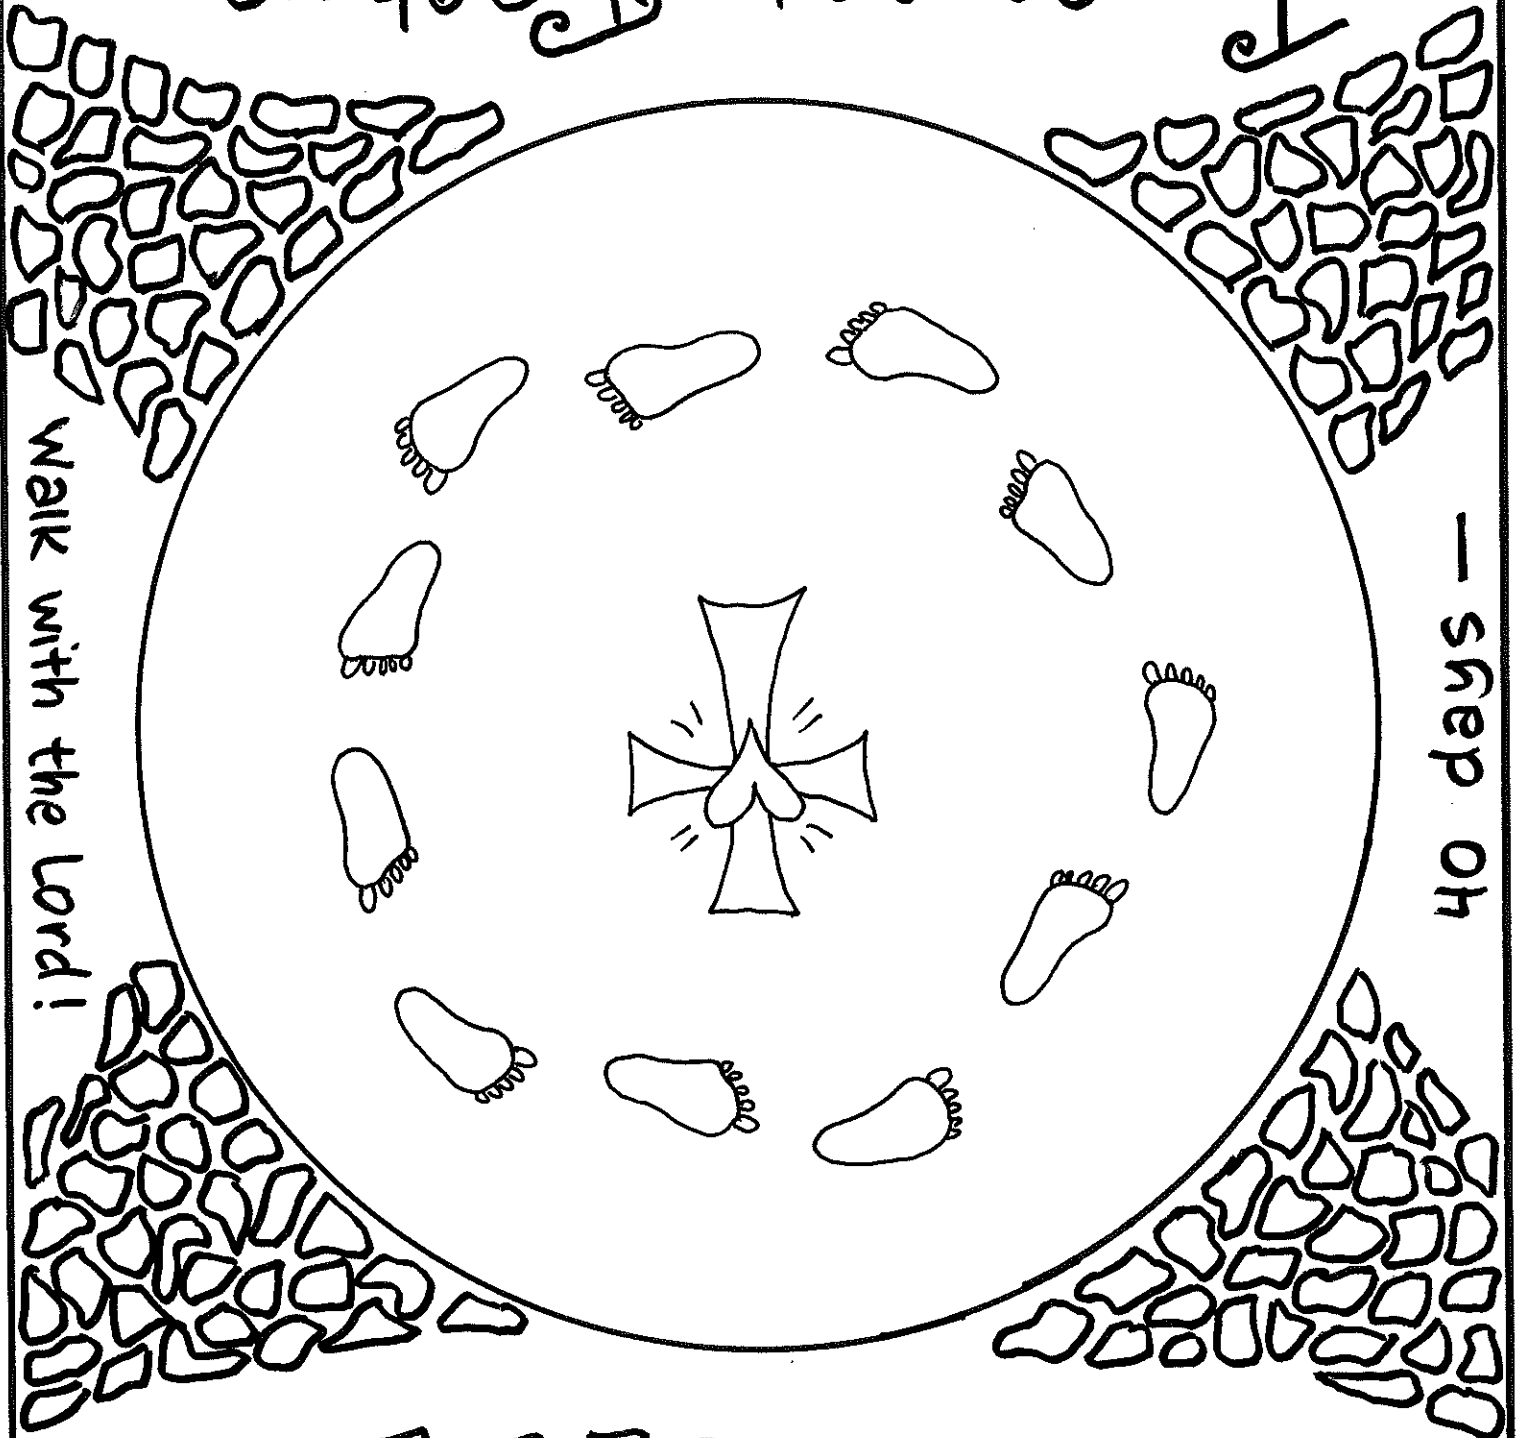

4. Color and cut out the Easter Candle and flame. Form the candle into a narrow cylinder, using glue and/or tape and attach the flame to the candle by cutting tiny slits in the base of the flame and sliding it onto the candle. Place the candle in the center at Easter.
5. Use the accompanying poster for a way to reflect on each of the weekly meditations on the "Journey to Easter" and to record one action you take each day to journey with Jesus by praying, fasting or giving.

God bless your Lenten Journey!
