SCHOOL COVID-19 FLOW CHART

SCHOOL ADMINISTRATION

Notification of positive COVID-19 in a visitor, student, or employee.

School compiles list of close contacts and coordinates with SRHD. School or SRHD notifies close contacts of potential COVID-19 exposure and provides: “What to do if you were potentially exposed to someone with COVID-19”. Those confirmed as close contacts are informed of 14-day quarantine requirement.

SRHD conducts case investigation and requires individual to isolate through infectious period.

Notification of student or employee tested for COVID-19.

Individual isolates while awaiting test results – follows: “What to do if you have confirmed or suspected COVID-19”.

Individual is symptomatic but has no close contact – must stay in isolation until 24 hrs elapsed with no fever. Follow school policies/procedures for illnesses.

Student or staff develops COVID-19 symptoms while at school. If student, school calls parent/guardian.

Use PPE and isolate individual. Provide: “What to do if you have symptoms of COVID-19”.

Provide advice to be tested.

Clean and disinfect areas of possible exposure.

If not tested, then exclude until 24 hours have elapsed with no fever AND 10 days have passed from symptom onset AND symptoms improve.

POSITIVE TEST

NEGATIVE TEST

Individual has no symptoms but has close contact with confirmed case – quarantine for 14 days from date of last exposure.

Individual has no current symptoms and no close contact – may return to school.

Individual is symptomatic and has close contact with confirmed case – advise contacting healthcare provider for evaluation. Quarantine until 24 hrs have elapsed with no fever AND 14 days from date of last exposure.
