

## **PHILOSOPHY**

The athletic program strives to enhance the educational experience of students enrolled at Sacred Hearts School. It was established to provide experiences to help boys and girls develop a Christian attitude; to provide opportunities to make friendships, both with teammates and opponents; and to provide opportunities to learn the fundamental skills and strategies of each sport activity. The athletic program is designed to emphasize respect for others, self-discipline, responsibility, good sportsmanship, unselfishness, and team loyalty.

Parental support and involvement is an essential part of the Sacred Hearts Athletic Program. Mutual cooperation among parents, coaches, and staff is a key component to a successful program. By working together, we hope to serve as positive role models for our youth and provide an environment to promote a spirit of interscholastic competition that will be rewarding and enjoyable for all participants.
