

Hot Lunch Update:

Starting Wednesday, October 14th, all students in grades K-8 will be eligible for **FREE hot lunch daily**. This is a benefit that is being made available through at least December 31, 2020 through the Federal Hot Lunch Program. You do not need to qualify for this program. Any payments made from the beginning of the school year, will be applied as a credit as we can now receive this benefit from the beginning of September. This does not apply to adult lunches.

Due to this change, it is more imperative that families pre-order lunch. We anticipate this will change our daily numbers significantly and we need to ensure proper ordering.

As a reminder, these are the steps to pre-order lunch through FACTS. Please have your orders in by Friday of the previous week. If you have questions, please contact the office. We encourage everyone to take advantage of this opportunity. Our kitchen staff has done an amazing job of offering our students a wonderful, healthy, and safe lunch each day!
