

September 2019

Dear STS families,

Welcome back to the school year! And another year of BINGO! Please remember that the Bingo program is successful only with your help. Each family is contracted to work approximately 6-8 times a year in a 12-month period to make this program profitable. If you are unable to work your assigned night it is imperative that you find a substitute to switch with you as we have noted the program to be more profitable the nights we have more help from parents. You can refer/post to our Facebook Bingo Sub group page or call families directly. Most families are willing to help each other.

Attached is a list of all 12 teams and the dates they are assigned. You can also refer to the Bingo page on the STS website for contact information should you need to find a substitute. Parent Square will send you automatic reminders when your team is up for bingo, please download the free app.

As we did last year, we are conducting a “team challenge” that started June 1st, the most profitable team over a 6 month period of time will get a team surprise. Stay tuned to see which team will win in December! For questions or concerns, please do not hesitate to reach out to one of the bingo coordinators.

Sincerely,

Kristen Sanford

&

Jessica Walsh
