

CarePlus NJ Grief & Bereavement Services

Specialized Support for COVID-19 Related Losses

As the Certified Community Behavioral Health Clinic in Bergen County, CarePlus NJ is proud to offer the full scope of telehealth services.

Have you Experienced a Loss?

If you have experienced a loss, we are here for you throughout the COVID-19 crisis and beyond. Our professional team is trained in complex trauma and grief counseling for children, adults, individuals, families, and community organizations. Our team will provide a seamless experience in accessing specialized treatment and support as needed.

Is Grief Counseling for Me?

Grief manifests in so many ways, such as anger, sadness, or fear. While every loss is unique, through our support groups, one can find hope in connecting with others who have experienced loss. Our grief counselors are available and can help address a wide range of needs due to physical, emotional, social, economic and spiritual loss. CarePlus is offering a full scope of services through Telehealth -- Grief Counseling through Individual and Family Therapy, Support Groups and Medication monitoring.

Have you experienced a recent loss due to COVID19 or currently experiencing life threatening conditions and/or potential loss of life of a loved one?

Have you tested positive for COVID-19 or had fears about contracting/spreading the virus?

Have you felt fearful or anxious about your personal safety or facing sickness/death?

Have you felt isolated due to self-quarantine?

Have you felt a loss of routine, socialization, and sense of normalcy?

Are you on the front lines of the healthcare system or essential community personnel being faced with increased loss/death and risk to personal safety?

If you answered yes to any of these questions, CarePlus NJ Grief and Bereavement Services may be right for you.

The first step is to make the call and connect; we are here for you!
