

Transfiguration Parish

MISSION STATEMENT

We are a Catholic community united by love, illuminated by the Transfiguration of our Lord Jesus Christ. We gather as a People of God seeking unity through the Holy Spirit to Worship through the Sacred Liturgy, Prayer and Sacraments, and to proclaim the Christian message which promotes Justice, Reconciliation and Service through Evangelization, Faith Formation and Discipleship.

VISION STATEMENT

Transfiguration Parish is committed to continual growth in the Catholic Faith through a lifelong union with Jesus Christ, and in service to others through the ministry of the Church. We spread the Good News of His love and promote His Word through evangelization, education, reflection, and daily witness. As faithful stewards we pledge to direct and develop the spiritual, human, financial, and material resources of the Church. We respond to His love with gratitude and prayer, with compassionate service, generous sharing, reconciliation and equality for all.

FAITH SEEKING UNDERSTANDING

The first class I took in the Diocese of Burlington’s Ministry Training Program, a two-year program for women and men, was a class on Christian Theology. One of the texts we used was written by Daniel Migliore, and was titled, “Faith Seeking Understanding”. The priest who taught the class told us the title of our text came from a quote attributed to St. Anselm. I thought those three words were such a simple, yet profound, description of our life journey to know and love God. I still believe that, and make note that whatever understanding of God that we achieve in life must always begin with, and be grounded in, faith.

Allow me to explain what I mean when I say we must begin with faith. Recently, a new Pew Research Center survey revealed what I consider a disturbing report about U.S. Catholics. The survey pertained to Transubstantiation, which is our belief that ordinary bread and wine are substantially changed into the living Body and Blood of Jesus Christ during the Consecration at Mass. The survey reported that just one-third (31%) of U.S. Catholics believe in the “Real Presence” of Jesus in the Eucharist. The remaining two-thirds of Catholics said they believe the bread and wine used in Holy Communion, “are symbols of the body and blood of Jesus Christ.”

My purpose is not to dispute the findings of the survey, but to express my sadness that so many Catholics do not believe in what the Catechism of the Catholic Church clearly states. The Catechism teaches, “In the most blessed sacrament of the Eucharist the body and blood, together with the soul and divinity, of our Lord Jesus Christ and, therefore, the whole Christ is truly, really, and substantially contained.” My friends, at the Last Supper, Jesus did not say, take this and eat of it for this symbolizes my body. Jesus said this is my body. Jesus did not give the apostles the chalice and tell them to drink from it because the wine symbolized his blood. No, Jesus instructed them to drink from the chalice because this is my blood. Belief in the Real Presence of Jesus in the Eucharist is the very foundation of what we believe as Catholics. It is our faith; it is what we believe!

The question arises about how can one believe in Transubstantiation? After all, the bread and wine still look and taste like bread and wine. There is no scientific proof that they have become the living Body and Blood of Jesus.

WELCOME

No matter what your present status in the Catholic Church; no matter what your current family and marital situation; no matter what your personal history, age, race, ethnic origin, sexual orientation, physical condition; no matter what your own self-image; you are invited, welcomed, accepted, loved, and respected here at Transfiguration Parish.

We can believe because Jesus said it was so! We can believe as a matter of faith! Recall the words from the Letter to the Hebrews, “Brothers and sisters: Faith is the realization of what is hoped for and evidence of things not seen.”

I do hope you believe in the Real Presence of Jesus in the Eucharist. If you are having problems fully believing, I suggest this prayer that I sometimes turn to when my faith is tested. Just pray, “Lord, I do believe, help my unbelief.” Faith Seeking Understanding. God bless.

Deacon Chris

NEW COMPUTERIZED MINISTRY SCHEDULING SYSTEM!

Thanks to the contributions of many to the Re-Igniting Our Faith Campaign, the parish has purchased a new electronic ministry scheduling system for churches. The system is managed by the company "Ministry Scheduler Pro", and the system will allow us to create one schedule for all Liturgical Ministries at both sites. Ministers will receive emails containing the monthly schedules, as well as reminders during the month about upcoming Masses they are scheduled for.

Thanks to Pat Rigney for agreeing to coordinate our new scheduling system. Special thanks also to Martha Cioffi, Dot Jackuback, Sheila Shover, and Beth Thayer for their years of scheduling ministers for Masses at both sites. Their time and faithful dedication to our parish is greatly appreciated. Please take a moment to thank them for all they have done, and continue to do, for Transfiguration Parish.

REMINDER!!!

The site of the Saturday, 4:00 pm Mass will alternate each month. **In August it will be in Schaghticoke the entire month and in September the Mass will be in Speigletown etc.**

Health Tips: Need motivation to lower your blood pressure? Try monitoring.. Regular physical activity is one of the best things you can do for your health—and all the more so if you have high blood pressure. A single exercise session, in fact, has been shown to lower blood pressure by 5 to 7 points, for up to 22 hours. The trick, for many people, is starting an exercise routine and sticking with it. New research suggests that monitoring blood pressure at home can boost motivation. In a 12-week study, a group of adults with hypertension attended supervised exercise sessions and were encouraged to do more at home. Half of the group monitored their blood pressure twice a day as well as before and after exercising, and half did not monitor their blood pressure. Compared with those who didn't monitor, those who did experienced double the blood pressure drop during the study, and four weeks later, they were doing far more exercise. What's more, those who continued to monitor maintained a steady exercise routine, averaging three 45-minute exercise sessions a week, while those who stopped monitoring dropped down to one 20-minute session a week. The bottom line: Seeing results can help you forge new habits and stick with them. If you have hypertension and don't exercise regularly, create a realistic exercise schedule and monitor your blood pressure. Track your numbers, and let the changes cheer you on! <http://www.clevelandclinicwellness.co>

The Albany Cursillo Movement is hosting the 56th **Men's Cursillo Weekend on Sep 12-15** and the 62nd **Women's Weekend on Oct 3-6**. Both will be at the Dominican Retreat and Conference Center in Niskayuna. Cursillo got its origin in Spain in the mid-20th century as a way to re-ignite one's dedication to their spirituality and keep it a focal point in their lives. Since then, it has spread worldwide. **It provides a way to deepen our understanding of Catholicism and encourage lay leadership**, and has been in the Albany Diocese since the early 1970s. Cursillo means "short course" in Spanish; the weekend syllabus, presented in English by lay ministers and spiritual advisors from around the Albany Diocese, provides Catholics with reflections, talks, and meditations that are designed to give us an encounter with ourselves, with Christ, and with others over a three day weekend. A sample of topics includes: Ideal, Grace, Sacraments, Piety, Study, Action, and Lay Person in the Church. **For more information, please contact Shannon Kelly at kellykares4you@gmail.com.**
