Shelter the Homeless

Dear Friends,

Each year Mothers Matter volunteers collect health and personal need items for Mother's Day Gift Baskets, which are distributed to women's shelters and to children in day care programs who may not have the means to give a gift to their mother, grandmother or caregiver. Each basket is presented with a beautiful message: **that mothers matter!**

Each year, the Lauren Rose Albert Foundation presents at least 1000 gift baskets. We have been working with the foundation for over 10 years.

We don't make the baskets we just supply the donations. **They are counting on us!**
