

St. Augustine of Canterbury School Interactive Videoconferencing Student Permission Form 2020-2021

During the school year, your child may have the opportunity to experience distance learning via interactive videoconferencing. Interactive videoconferencing classrooms enable students to see, hear and speak to teachers, students and experts in the field who can provide unique learning experiences. Through interactive videoconferencing, students can collaborate with other students throughout the state, nation and world. They can access experts that would be cost prohibitive to bring to their campus. They can also participate in virtual field trips to places they may never see personally. In order for your child to participate, St. Augustine of Canterbury School requires your written permission.

I understand that in the Distance Learning Classroom (videoconferencing room) as well as in the teacher's classroom, when utilizing videoconferencing technology (Polycom, Skype, Zoom) my child's voice, physical presence, and participation in classroom activities will be transmitted to distance learning sites and may be electronically recorded. I understand that my signature indicates my child's voice, presence, participation, and electronic recording of these classes will not be a violation of my child's or my personal rights and hereby release any claims for the use of such. **Please print student(s) names:**

_____ I give permission for my child(ren) to participate in videoconferencing.

_____ I would prefer my child(ren) not be seen or heard during the videoconferencing, but still be able to participate.

_____ I do not give permission for my child(ren) to participate in videoconferencing.

Parent/Guardian Signature: _____ Date: _____
