

**NOTICE TO PARENTS OF ALL ST. MICHAEL STUDENTS  
PARTICIPATING IN CHEERLEADING, VOLLEYBALL, AND/OR  
BASKETBALL IN SCHOOL YEAR 2017-2018**

The St. Michael School Commission has decided to charge a fee of \$20.00, to be paid on behalf of any student participating in any sanctioned extracurricular athletic activity including volleyball, cheerleading, and basketball. An additional fee of \$5.00 per activity will be applied for any student who is involved in more than one activity.

Before your child will be permitted to practice or play either cheerleading, volleyball, or basketball, this form will need to be completed and signed by a parent, and returned to St. Michael School or the appropriate coach or cheerleader sponsor, with payment. Checks are to be made payable to St. Michael School.

This fee will provide only a minimum level of support for our athletics. Thank you for your understanding and cooperation.

The athletic department of St. Michael School strongly recommends the use of a mouth guard for protection to the student's mouth for all extracurricular activities.

Students are attending school primarily for an education. Any sport activity is secondary. A student's participation in sports is an extra-curricular activity. This activity is a privilege. Therefore, the following rules will be enforced:

1. "F" in any subjects – Math, English, Science, Reading, Religion, Spelling, or Social Studies. Players are ineligible to participate in games if any of their grades are failing or if they have an unsatisfactory conduct grade the Friday before the first game. Their ineligibility shall last for a two week period unless progress reports or report cards are issued before the end of the two weeks and indicate that the student is passing all subjects and has satisfactory conduct. If an "F" is the overall average grade on the progress report or on the report card in any subject, you will not be able to cheer, play, or practice in extra-curricular activities for a two week period. During this time you will be on probation. Your parents and all teachers concerned will be contacted. During the probationary period your effort, attitude, and ability will be evaluated and taken into consideration. At the end of the two week period a recommendation will be given to continue the probation period for two weeks or to resume your extra-curricular activity. If at the end of the second two week probationary period, satisfactory work is not completed, the student will be dropped from the extra-curricular activity.

The principal is responsible for notifying the coach of the student's ineligibility and of any recommendations.
