Memorialization is requested to be completed within one year of a burial. It is the cemetery's policy that a diagram of all proposed memorials be provided by the monument company to cemetery management for review and approval *prior to its fabrication*. Two primary factors are considered: 1) the memorial's dimensions, and 2) appropriateness of content, the latter needing to be in keeping with the sacred nature of a Catholic cemetery. Cemetery by-laws require that least one Christian or Catholic symbol (e.g., Cross, Rosary) be included somewhere on the memorial.

Memorial markers for US Veterans are available and typically ordered through the funeral home of your choosing. Various details can be obtained from the **National Cemetery Administration: <https://www.cem.va.gov/cem/hmm/index.asp>** or the **Applicant Assistance Unit at 1-800-697-6947**

Please consult cemetery management for information regarding veteran marker installation.
