**YOU CAN MAKE A DIFFERENCE IN THE LIVES OF VULNERABLE CHILDREN IN KANSAS!** Sadly, every day in Kansas, children are removed from their homes by no fault of their own for a variety of reasons. Each of these children is a precious, unique gift from God who deserves a loving and safe environment where he or she can THRIVE! Because care of the orphan and works of mercy are part of the mission for all baptized Catholics, the Church is the solution to an overwhelmed Kansas foster system which is facing increased needs due to COVID-19. Please visit the new Archdiocesan Foster Care Ministry Website at [www.archkcks.com/foster](http://www.archkcks.com/foster) to learn how you can help vulnerable children in our community and support the families who have answered the call to love and protect these children. If you are currently fostering or have adopted your child/ren from foster care, we want to connect with you to support you on your journey! Please join the Archdiocesan Foster Family by registering here: [www.archkck.org/fostercaredatabase](http://www.archkck.org/fostercaredatabase)

### NATURAL FAMILY PLANNING

Why is it that couples who use **Natural Family Planning** have a divorce rate of less than 5%? Is there something about NFP that contributes to a healthy marriage? Why not find out for yourself? A 3-part series of classes in the Couple to Couple League's Sympto-Thermal Method (STM) of NFP provides practical help to married and engaged couples to live a consistently healthy lifestyle. No medical costs with this method! STM makes use of all of the observable signs of fertility, and can be used with great success either to postpone or achieve pregnancy.

You are encouraged to attend the Couple to Couple League sponsored course in the Sympto-Thermal Method of NFP beginning in Topeka on Saturday, July 25<sup>th</sup>, at 4pm. Reasonable course fee; financial assistance available. You may call Dana or Eric Runnebaum at 785-380-0062 for the location of this class & for more info about other classes in the surrounding area.
