INDEPENDENT AUDITORS' REPORT

To the Finance Council
St. Gabriel the Archangel Catholic Community
McKinney, Texas

We have audited the accompanying statement of financial position of St. Gabriel the Archangel Catholic Community as of June 30, 2012, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Church's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Church's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Gabriel the Archangel Catholic Community as of June 30, 2012, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

ST. GABRIEL THE ARCHANGEL CATHOLIC COMMUNITY

Notes to Financial Statements

1 - Historical Background

St. Gabriel the Archangel Catholic Community (the "Church") was established by the Catholic Diocese of Dallas (the "Diocese") in 1996 for the purpose of providing ministry services to Catholics and others in McKinney, Texas, and the surrounding area.

The Church is exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code as other than a private foundation.

2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Church have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recognized when the obligation is incurred. The financial statements of the Church have been prepared using accounting principles generally accepted in the United States of America ("US GAAP").

Reporting Entity - These financial statements include the accounts of: St. Gabriel the Archangel Catholic Community; St. Gabriel the Archangel Land Trust; and St. Gabriel the Archangel School Trust. All significant activity between the entities has been eliminated in these financial statements.

Basis of Presentation - As required by the Not-for-Profit Entities Classification of Net Assets topic of the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), the Church reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Revenue Recognition - Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Revenues and Support - Revenues and support for the Church are primarily derived from contributions from Church membership.

Donated Assets - Donated marketable securities and other non-cash donations are recorded as contributions at their estimated fair values at the date of donation.

Donated Services - No amounts have been reflected in the financial statements for donated services. The Church pays for most services requiring specific expertise. A large number of people have contributed significant amounts of time to the activities of the Church without compensation. The financial statements do not reflect the value of those contributed services.

Compensated Absences - Employees of the Church, administrative and ministerial, are entitled to paid vacation depending on length of service and other factors. The Church cannot reasonably estimate the amount of compensation for future absences; accordingly, no liability has been recorded in the accompanying financial statements. The Church's policy is to recognize the cost of compensated absences when paid to employees.

2 - Summary of Significant Accounting Policies (continued)

Income Tax Status - The Internal Revenue Service issued a determination letter dated March 25, 1946, stating that all Catholic Church entities listed in the *Official Catholic Directory* are exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). Each year since then, the IRS has issued a communication stating that the determination letter is still in effect. St. Gabriel the Archangel Catholic Community, as part of the Catholic Diocese of Dallas, is exempt under this ruling.

Use of Estimates - Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Cash and Cash Equivalents - For purposes of the financial statements, the Church considers all short-term investments with an original maturity of three months or less to be cash equivalents.

Functional Allocation of Expenses - The costs of providing the various program services and supporting activities of the Church have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services and supporting activities.

Programs - The Church pursues its objectives through the execution of these major programs:

Youth - To encourage participation of all youth and young adults in parish life.

Faith Formation - Religious education and spiritual development programs for parishioners.

Preschool - Formal classroom programs designed for 3 and 4 year old children.

Worship - Provide a hospitable atmosphere for increased participation in prayer and worship.

Outreach - Provide resources and programs to those grieving, marginalized, and/or served through appropriate agencies within McKinney, Texas, the United States and the world.

Fellowship - To bring parishioners together through social activities to build relationships that enhance Catholic values.

Family Life - To minister to all parishioners, through all stages of life, by providing support, guidance, and a sense of belonging.

Land Trust - The Land Trust expends funds for capital improvements and holds the major assets of the Church for the benefit of St. Gabriel parishioners. There were no expenses related to this program during the year ended June 30, 2012.

Subsequent Events - Subsequent events have been evaluated through September 7, 2012, which is the date the financial statements were available to be issued.

Notes to Financial Statements

3 - Physical Properties

Property and equipment are recorded at cost, if purchased, and fair market value at date of donation, if contributed. Depreciation is calculated using the straight-line method over the estimated useful lives of the respective assets as follows:

Buildings and improvements	10 - 40 years
Furniture and equipment	5 - 20 years

Depreciation expense for the year ended June 30, 2012 amounted to \$275,098. Maintenance, repairs and minor renewals that do not significantly improve or extend the lives of the representative assets are expensed when incurred. Additions, improvements and major renewals are capitalized.

4 - Note Payable

During 2000, the Church entered into a note payable with a lending institution, in the original amount of \$3,000,000. The loan bears interest at a fixed rate of 6.59% through May 2012, at which time the rate will be adjusted, and matures on November 5, 2016. The note presently requires monthly payments of principal and interest totaling approximately \$27,317 and is secured by real estate. The note was paid off on November 15, 2011.

5 - Operating Leases

The Church has non-cancelable operating leases for certain office equipment. The following is a schedule by years of minimum rentals under the leases as of June 30, 2012.

<u>Year Ending June 30,</u>	<u>Amount</u>
2013	\$ 11,369
2014	11,025
2015	7,245
2016	7,245
2017	4,633

Rent expense for the year ended June 30, 2012 totaled approximately \$9,000.

6 - Retirement Plan

The Church and its employees participate in the Diocese's 403(b) Retirement Plan for Lay Employees. After one year of employment, eligible employees receive an employer contribution of 3% of annual salary and an employer matching contribution of up to an additional 3% of annual pay. Aggregate employer contributions during the year ended June 30, 2012 were \$21,753.

7 - Concentration of Credit Risks

The Church maintains deposits with reputable financial institutions which are occasionally in excess of federally insured limits. The Church has not experienced any losses in these accounts, and management does not believe the Church is exposed to any significant credit risk.

8 - Temporarily Restricted Net Assets

The balance of temporarily restricted net assets as of June 30, 2012, relates to certain contributions for which the donor has imposed restrictions. These restrictions require the Church to use such funds for expenses directly related to Church activities that correspond to the donor's wishes. During the year ended June 30, 2012, temporarily restricted net assets in the amount of \$134,546 had been expended in accordance with donor restrictions and have been reclassified to unrestricted net assets. Temporarily restricted net assets consisted of the following at June 30, 2012:

Laying the Foundation	\$ 144,518
Pro Life Ministry	36,116
Mission Trips	7,353
Outreach - Disaster Relief	3,079
Community Center Upgrades	<u>852</u>
	<u>\$ 191,918</u>

9 - Board Designations

The leadership of St. Gabriel the Archangel Catholic Community has set aside certain unrestricted funds for specific purposes. These funds have not been restricted by the original donor; they are considered board designated. Unrestricted net assets - board designated consisted of the following reserves at June 30, 2012:

Land Trust	\$ 443,297
Facilities Maintenance	77,133
Tithing - general and outreach	64,046

Women's Club	10,324
Preschool	9,275
Gift Shop Ministry	7,144
Other	<u>19,097</u>
	<u>\$ 791,139</u>

10 - Income Taxes

The Church follows the Income Taxes topic of the FASB ASC, which prescribes a comprehensive model for the financial statement recognition, measurement, presentation and disclosure of uncertain tax positions taken or expected to be taken in income tax returns. The Church is not aware of any activities that would jeopardize its tax-exempt status and is not aware of any activities that are subject to tax on unrelated business income. As of June 30, 2012, the Church has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements and does not expect this to change in the next twelve months.
