St. Gabriel's Church  
110 Gabriel Way  
McKinney, Texas 75071

Dear Susan,

I hope you and your parish members are doing well and have gotten through the difficult weather of late. We have been praying for you all in Texas and hope recovery will be swift!

I am personally writing to sincerely thank you and St. Gabriel's pastors and leaders for your recent partnership in providing a safe passage for a young victim of human trafficking! Because you responded to our call and gave so generously, we were able to move this young person out of a very dangerous situation and bring them to a safe place far away from the trafficker.

This whole experience seemed to be by God's design: first Dr. Lou bridged us to St. Gabriel's to provide a Human Trafficking Awareness Event which included a panel of experts from CT... then one of our expert panelists went to Washington DC to work for National Center for Missing and Exploited Children in January... that same person got an urgent call to relocate someone in your area and asked if The Underground could help... since we are out of Connecticut, I did not think we could help... but then I remembered how you had cared about this horrific scourge against our kids and young adults .... so I called and explained the need and within 24 hours St. Gabriel's donated funds to rescue! It was an unbelievable answer to our prayers!

Please thank your parish for their part in this ministry – this young survivor has been saved from significant harm and that would not have been true without your support! Thank you for believing in this work and for standing in the gap for the "least of these". You are a blessing Susan, and St. Gabriel's gave a great gift of liberty to a special person that day – thank you for your partnership - from the bottom of our hearts!

With appreciation and love,

*Annmarie Boulay*
