By signing below, I confirm that I am in agreement with my child's request for an exception to the AP course policy. I understand that my student must have successfully completed at least three honors or AP courses and must have at least a 3.75 or 4.0 weighted cumulative GPA, respectively, to request 3 or 4+ AP courses. I further understand that students may not drop AP courses once he/she is enrolled and that all AP students take the standardized national AP exams in the spring.
