

Dear Falcon Families,

We are excited to see you all on campus again soon! As the school year approaches, the athletics department has been working hard to prepare for the upcoming season. We remain committed to providing opportunities in athletics to our student body, while taking every practical safety precaution we can to mitigate the risk of spreading COVID-19. We will be following the schedules and rules that have been announced by TAPPS. We will also use the CDC, TEA, and UIL (which has sport specific guidelines), as resources to develop our policies and procedures for practices and games. More specifics about these policies and procedures for athletics will be provided in the coming weeks.

Below is an outline of the fall sports schedules that are based on the recent announcements from TAPPS. As these changes just recently occurred, we are still in the process of updating our contest schedules, and will share those as soon as they are complete.
