

Q: What is an Online Giving Management System?

A: WeShare, LPi's Online Giving Management System, allows you to manage the donations to your parish efficiently, effectively, and securely. It is an automated means for parishioners to support their church financially through one-time or recurring contributions.

Q: Can I still donate using weekly envelopes?

A: Absolutely. Although Online Giving can replace the use of weekly envelopes, donating through WeShare will not be mandatory and envelopes will still be available.

Q: What if I feel uncomfortable not having something to physically drop into the collection basket?

A: Don't worry! We provide a printable form that can be put into the collection basket that says, *"We lovingly made our donation through WeShare."*

Q: How do I change my personal information such as bank or credit card account number, mailing address, or donation amount?

A: Once signed up you can make these changes yourself by visiting your church's WeShare Web site, or by calling their parish office. Donors can plan their contributions for the entire year—or they can change their donation amount online whenever they like.

Q: Which payment methods are accepted?

A: Contributions from checking accounts, savings accounts, debit cards, or major credit cards such as Visa, MasterCard, Discover, and American Express are accepted.

Q: Do I receive receipts for my donations?

A: Yes, all contributors enrolled with WeShare can elect to receive receipts via e-mail.

Q: How do we sign up with WeShare? Is this time-consuming?

A: We know how valuable your time is and we want to make online giving as easy as possible. Just follow these 3 steps and your ready to go.

- 1) Visit our church website, www.theppb.org
- 2) Click on Donations tab at the upper right of the screen and select On Line Giving
- 3) Select your primary worship site from the site list and set up your account

Q: Is WeShare safe?

A: Yes. WeShare is certified with the Payment Card Industry (PCI) Data Security Standards (DSS) as a Level 1 Service Provider. We implement the safest security standards for online transactions, collecting and storing credit card or bank account information associated with WeShare.
