## In Appreciation

### St. Mary Cemetery Road Paving Project Prayer Service May 24, 2015

We are thankful for the many people who donated to our cemetery's recent fundraising effort.

Because of their generosity we have been able to pave the cemetery road, which is home to the tall monument marking the resting place of a number of former priests and pastors of St. Mary's Parish. It is known to many as the priest's road.

Following our Memorial Day Service this afternoon we will place a basket at the Priest's monument, and take time to especially remember those in whose memory donations were made to our paving project.

All are invited to join us for this small memorial and to see the newly paved road.
