** The school discourages the use of Uber and other ridesharing services and advises families to check their terms of agreement before arranging rides or allowing their children to use such services. Many ridesharing services only conduct limited criminal background checks, if any at all, and do not require that their drivers submit to fingerprint-based background checks conducted by the government. Although some of these ridesharing services have policies that prohibit minors from using these services, in reality, drivers from these services often do not verify the age of the rider. It is therefore your responsibility as parents to understand the policies and practices of the ridesharing services that you allow your child to use and to communicate those to your child.*
