School activities have and will continue to be done via a virtual and social media mix. Every week, the Student Leadership team (ASB & Leadership class) have been publicizing and promoting different themes, activities for the students, faculty and staff to participate in and hopefully enjoy, including SJM's 75th Anniversary, and providing the traditional daily prayer & announcements via video played during their classes. Keeping the students informed & engaged beyond their academic classes is the primary goal of our team and will be throughout the year. When we are allowed to resume on campus, adjustments will be made to the schedule of events per Administrative approval.
