Classroom Notes

- In theology, we discussed the different parts of Mass. We watched some Brother Francis videos that describe what happens at Mass in a way that is easy to understand for young children.
- Kindergarten Math is focusing on numbers 6-10. While our students have come so far with one-to-one correspondence and are counting very well, we are focusing mostly on writing our numbers neatly and correctly, using handwriting lines we use in ELA. I always stress to look for clues if they forget how to write numbers – chances are numbers can easily be found around the room or even on their worksheets.
 - Young Fives students are starting one-to-one correspondence with counting and are doing very well!
- In Social Studies this week, we've talked about what it means to have courage – be brave, confident and try! We read one of Mrs. W's favorite books *Ish* by Peter Reynolds. We even started drawing vases with flowers – ISHLY! Stay tuned for these beauties! We also discussed what it means to have Respect – towards friends, parents, teachers etc. Our students understand and can give plenty of examples but now we are going to work very hard to put our examples into action 😊
- I loved seeing the pictures from the feast last Sunday at church. Thank you for all the participation!
- I will be putting together a sign-up sheet for our upcoming Halloween party. Please see me if you would like to help. Typically, to keep things running smoothly, we have one healthy snack, a sweet treat, a drink, one, possibly two, crafts, and a few games. If you would like to sign up, pop in before or after school or send me an email. I will try to keep you all posted as to what we might still need help with. Thank you!!
