

Announcements for the week September 5 -11, 2021

Outreach Food Pantry Needs Donations

Our Outreach Ministry is in dire need of rice for our food pantry. They are also running low on canned proteins such as Spam, luncheon meat, tuna, and chicken. They do have an ample supply of Vienna Sausage. Donations may be dropped off at the office. Thank you for supporting the families who come to us in need during this difficult time.

Ohana in Christ

Last week we discussed Bishop Larry's new campaign called, "Ohana in Christ." This collection will support many Catholic Ministries who provide support in many areas around the State. All of these ministries and organizations are facing critical funding issues due to the pandemic. Youth and Young Adult education and activities are important now, more than ever, as our youth find themselves further cut off from their peers and church ohana. Families and our aging community are in greater need during this difficult time and many Catholic organizations reach out to assist them through food, shelter, and mental health assistance. The "Ohana in Christ" fund will also help us to continue to recruit and train future priests and deacons as well as aide and care for the needs of our retired diocesan priests.

To be clear, this fund does not go to the Bishop or to any administrative offices. The "Ohana in Christ" fund goes directly to support organizations and ministries who reach out to assist our community at large.

We will be holding three separate second collections in an effort to raise OLG parish's goal of \$30,000. I hope that you will pray over your contribution and give generously.
