What does the *Catechism* say about...?

“You Shall Love Your Neighbor as Yourself: The Sixth Commandment: You Shall Not Commit Adultery:

495. What are the goods of conjugal love to which sexuality is ordered?

The goods of conjugal love, which for those who are baptized is sanctified by the sacrament of Matrimony, are unity, fidelity, indissolubility, and an openness to the procreation of life.

496. What is the meaning of the conjugal act?

The conjugal act has a twofold meaning: unitive (the mutual self-giving of the spouses) and procreative (an openness to the transmission of life). No one may break the inseparable connection which God has established between these two meanings of the conjugal act by excluding one or the other of them.

497. When is it moral to regulate births?

The regulation of births, which is an aspect of responsible fatherhood and motherhood, is objectively morally acceptable when it is pursued by the spouses without external pressure; when it is practiced not out of selfishness but for serious reasons; and with methods that conform to the objective criteria of morality, that is, periodic continence and use of the infertile periods.

498. What are immoral means of birth control?

Every action—for example, direct sterilization or contraception—is intrinsically immoral which (either in anticipation of the conjugal act, in its accomplishment or in the development of its natural consequences) proposes, as an end or as a means, to hinder procreation.”

Summary of paragraphs 2360-2372 and 2397-2399 of the *Catechism* as found in the *Compendium of the Catechism of the Catholic Church*.
