## **What does the Catechism say about...?**

**“You Shall Love Your Neighbor as Yourself: The Seventh Commandment: You Shall not Steal:**

### **508. What is forbidden by the seventh commandment?**

Above all, the seventh commandment forbids theft, which is the taking or using of another's property against the reasonable will of the owner. This can be done also by paying unjust wages; by speculation on the value of goods in order to gain an advantage to the detriment of others; or by the forgery of checks or invoices. Also forbidden is tax evasion or business fraud; willfully damaging private or public property; usury; corruption; the private abuse of common goods; work deliberately done poorly; and waste.

### **509. What is the content of the social doctrine of the Church?**

The social doctrine of the Church is an organic development of the truth of the Gospel about the dignity of the human person and his social dimension offering principles for reflection, criteria for judgment, and norms and guidelines for action.

### **510. When does the Church intervene in social areas?**

The Church intervenes by making a moral judgment about economic and social matters when the fundamental rights of the person, the common good, or the salvation of souls requires it.

### **511. How should social and economic life be pursued?**

It should be pursued according to its own proper methods within the sphere of the moral order, at the service of the whole human being and of the entire human community in keeping with social justice. Social and economic life should have the human person as its author, center and goal.

### **512. What would be opposed to the social doctrine of the Church?**

Opposed to the social doctrine of the Church are economic and social systems that sacrifice the basic rights of persons or that make profit their exclusive norm or ultimate end. For this reason the Church rejects the ideologies associated in modern times with Communism or with atheistic and totalitarian forms of socialism. But in the practice of capitalism the Church also rejects self centered individualism and an absolute primacy of the laws of the marketplace over human labor.”

Summary of paragraphs 2408-2413, 2419-2425, 2453-2455 and 2458-2459 of the *Catechism* as found in the *Compendium of the Catechism of the Catholic Church*.
