Re: COVID-19 Updates

Bishop Folda announces the following updates to the Covid-19 diocesan guidelines.

- Congregational singing may now resume.
- Holy Water may be returned to the fonts.
 - You are encouraged to frequently empty and clean the holy water fonts, and put fresh, blessed water in them.

Neither of the above allowances are mandated or required. Pastors should continue to use prudence by following local health guidelines and mandates.

Besides the above, all other diocesan protocols remain in place at this time, including:

- The suspension of the Sunday obligation,
- Confessions being moved to rooms that allow for more space and air flow,
- Allowing for distancing between non family members, insofar as possible.
