Lance Carrington, Executive Director,
Guadalupe Free Clinic of Colonial Beach, Inc.
P.O. Box 275
Colonial Beach, VA 22443

Dear Lance,

In my capacity both as a member of the Board of Directors of the Guadalupe Free Clinic and as the pastor of St Elizabeth of Hungary Catholic Church, I wish to express that I am pleased to continue our longstanding support of the Clinic by providing, rent free, the building housing the Clinic. Furthermore, many of the volunteers who support the Clinic operations are parishioners of this parish.

The Clinic is highly regarded in the Westmoreland County and Town of Colonial Beach community. I frequently hear comments to that effect from both citizens and parishioners. I have also been to Town Council meetings where the Clinic was brought up and praised by Council members and the Mayor. It is clear that the Clinic has become an important part of the health care of many of the poor and medically uninsured residents of our community.

I hope and pray for the continued success of this noble and Christian work!

Sincerely yours in Christ,

Very Rev. Francis M. de Rosa, V.F.
Pastor & Member of the Board of Directors
