## RxP Spotlight

## RxP Welcomes Guadalupe Free Clinic of Colonial Beach as the Newest Affiliate Clinic Partner

Rx Partnership is pleased to welcome Guadalupe Free Clinic of Colonial Beach, founded in 2005 and operating a licensed pharmacy, as the newest Affiliate clinic partner. Guadalupe Free Clinic serves residents of the Town of Colonial Beach and Westmoreland County. After recently completing the credentialing process, despite the challenges of COVID-19, Guadalupe Free Clinic's Executive Director Lance Carrington (pictured above on the left) said how much they valued the process, "It really opened our eyes to what we're doing and helped us look carefully at what's the best practice."

In terms of the value of joining RxP, "Being a part of Rx Partnership expands the medications we can offer patients," said Tom Fish, Pharmacist-In-Charge (pictured above on the right and in the photo on the left). He is particularly pleased because it means being able to offer more brand and generic medication options to help patients. Since the clinic has a licensed pharmacy, they will receive bulk brand medication, be able to access the GPO generic formulary and can provide free mail delivery of medication to patients as needed.
