

## Jesu dulcis memoria

Jé - su dúl - cis me - mó - ri - a, Dans vé - ra cór - dis gáu - di - a:

Sed sú - per mel et óm - ni - a, E - jus dúl - cis prae - sén - ti - a.

This neum is a *climacus*. ♠. All notes in Gregorian Chant have one count. It does not matter whether they are square or diamond-shaped. How many counts has a *dotted punctum*?

Below is the same melody with English words.
