Parish Evangelization Center (former convent),
lower floor

Doors open 6:30 PM

Light beverages and snacks will be available

*Co-sponsored by Knights of Columbus #7677
and the Parish Respect Life Committee*

Unplanned is the true story of the remarkable conversion of Abby Johnson from dedicated abortion clinic Director to committed Pro-Life Advocate. **This is the result of God's continual calling to Abby's conscience, gradually**

awakening her to His merciful and transformative love. It is a living testament to the words of Revelation 21:5: "And He who sits on the throne said: **'Behold, I am making all things new'**".

But the story is also about the conversion of a community. A group called "The Coalition of Life" was already praying at Abby's Clinic when she first started there. Over time, God grew this witness into the community where the very first 40 days for Life event took place. Besides the prayers, members of the Coalition went door-to-door canvassing over 25,000 homes with the simple request to "Pray to end abortion". One of the results: 10 years ago **Abby Johnson quit her abortion job and began the journey to full time Pro-Life Advocate.**

Now we are being called to follow this example in our own community. Help us establish Mercer County **as a place where no one wants an abortion anymore.**

Note for Parents: Unplanned realistically portrays both the abortion process and it's aftermath; some scenes are graphic. It may not be suitable for young children.
