

Notre Dame Parish Altar Server Program

Dear Parents and Interested Students,

This time each year, we contact all students in the fourth grade or older and their parents about becoming active in the altar server ministry at Notre Dame Parish. We will be adding new servers to the liturgical ministry schedule in November. If you would like to be trained for this ministry please complete the form below and return to your classroom teacher at Notre Dame School or Notre Dame Religious Education class by **October 2**. You may also turn the form in at the Parish Office or drop it in the Sunday collection. As this is a very important ministry, parents' involvement is necessary. Therefore, a parent's signature is required for a student to sign up. Also a parent must attend the training session with the student and be responsible for the student to be at Mass when scheduled.

We are also trying to update the current server list. If you are a current server, please take a moment to update your mass preference and other information on the form below,

We will be training servers in small groups. New servers and their parents will be contacted regarding training sessions in the near future. If you are a current server who would like more training, please indicate that on the form below.

Please contact LeRoy or Deanne Webb if you have any questions or concerns at 563 547-4654. Thank you for considering becoming an altar server or continuing as a server at Notre Dame. It is a very important ministry in our parish.

In Christ,
LeRoy and Deanne Webb
Server Training Organizers

----- Please Return Bottom Portion by **October 2, 2019** -----
