MONTH TWO

Developing Baby Spiritual Adoption Program

Your baby is making progress developing all of his external features and internal organs. His brain is functioning at 40 days. His mother can hear his heartbeat now on an ultrasonic stethoscope. Baby-teeth buds are present at 6 ½ weeks. From this moment, your spiritually adopted baby grows and refines his body. But everything he needs to survive after birth is already present by the end of the eighth week.

***The Sanctuary Candles will burn the week
of November 23, 2020 for:
St. Joseph***

Prayer for Elected Officials

O God, from whom all power comes, by whose Divine Will all must abide, we thank You for our civil liberties and freedom, for our opportunities and privileges. We beg of You to bless, assist, and enlighten the elected officials from our nation, state and district. May they prove worthy of the confidence placed in them by their fellow citizens. May they be just and upright in their thinking, honest in all their actions, and ever be guided by a well-informed conscience in the legislation they propose or vote upon. Forgive us all our mistakes and selfish tendencies, and help prepare us by our own good deeds for an eternal union with you, through Christ our Lord. Amen.
