*Adoration is essentially an embrace with Jesus in which I say to him: "I am yours, and I ask you, please stay with me always."
_Pope Emeritus Benedict XVI*

MONTH TWO

Developing Baby Spiritual Adoption Program

Your baby is making progress developing all of his external features and internal organs. His brain is functioning at 40 days. His mother can hear his heartbeat now on an ultrasonic stethoscope. Baby-teeth buds are present at 6 ½ weeks. From this moment, your spiritually adopted baby grows and refines his body. But everything he needs to survive after birth is already present by the end of the eighth week.

Join our Parish this Advent in preparing for the coming of Baby Jesus.
