**Nightly Reading Log**

Please take 15 minutes to listen to your child read his/her assigned book. Afterward, please initial the reading log.

After your child has read, assess the reading and circle the closest choice for "level of difficulty". This feedback will help us continue to gauge the best independent reading level for your child.

The books have been chosen based on the initial assessment given to your child in September. Obviously, these levels will continue to change throughout the school year.

Thank you,

Jennifer Hill, CKS Reading Tutor
