

How to enter Coke product codes for St. Joe cash

1. Go to <https://us.coca-cola.com/> and login or start an account.
2. Scroll down and find the button that says “Donate Now”. Click it.
3. Scroll down and click on “Donate to Your Local School”.
4. If this is your first visit search for zip code 66203. St. Joseph is bottom on the list. On your second visit you can just click ‘recent’ and St. Joe will be right there.
5. Now enter the code that you found on your bottle cap or box. Money goes directly to the school with a check every quarter.

Where to I find the code?

- All bottles have the code in the cap. For some cap colors it helps to put a flashlight behind it to see the code better.
- On 12-packs of cans the code is on the piece of cardboard that comes off when you open the ‘fridge pack’.
- For 24-can cases the code is in on the inside on one of the largest sides.

What drinks count?
