### **Grades 3-5**

There will be plenty of time to add music to your everyday routine. I have entered web-sites that will keep you busy over your time at home. Here are some things to work on until April 14, 2020. If we are able to come back at this time, I have assigned **Grade 4 and Grade 5** songs to sing and **Stations of the Cross** to prepare for. Please highlight your name and be prepared to present these if we get a chance.

Grades 3-5 will also have **precorders** and books to study from at home. (I have an additional book for Grade 5). I have found some excellent songs on the internet that students will be able to play along with. It will sound like you are playing with a band!

Please find that page on my website. I have included the Karate Blue book progression so you can keep working. I have included a few songs too. Many of the songs in the book are included with the internet songs also. Grade 5 will cover the whole book. Grades 3 can practice G,A,B first. Grade 4 should add high C, and D. You can spend a lot of time on this.

### **Piano Grades 3-5**

If you have a keyboard at home, you may want to try these chords on the piano.
