

Week 5 - April 27-30, 2020
HAND SIGN MELODIES - SOLFEGE

Below are 2 songs to watch. Please continue to review any past lessons. Continue to practice your recorder and ukulele. (If you have one)

Make time to watch these two songs.

These will teach you a way of learning how to sing in pitch and how to visualize up and down on a music staff. This is called the solfège way of learning to read notes. (This was used by Julie Andrews in the Sound of Music!)
