

Week 7 - May 11-15, 2020: Composer - Lane Lee

Objective: Students will review the following: A COMPOSER is a person who writes words and music to a song. The words to the songs are called LYRICS. An ARRANGEMENT is when you hear a song that someone performed or wrote and then a person performs it in their own way. There are 4 songs listed to view.

This week I'd like to make you aware of all the things you can learn to do while using the internet. My son writes and posts many music videos. He has COMPOSED over 50 original songs

Many of the songs are located on his YOU-TUBE channel. To find his channel, a person can type in "Lane Lee channel" on You-tube search box.

Most of the songs are his own original songs. Here's one that should encourage you to aim high!

To see his whole list of songs, you need to view his Lane Lee channel on You-Tube and then click on videos and scroll down. Some of the songs have "live recorded" videos like "This Old Town" and some just have the words or LYRICS scrolling across the screen as the song is being played.

If you'd like to play more of them, be sure to ask for your parents permission. Most songs would be what you would hear on a country or pop radio station.

Some of the songs he records are called "COVERS". Those are current songs that other popular people write that he makes a video of. Here is one that my daughter and son sing together. I hope this lifts your spirits.
