

Fourth Grade Blizzard Packet

Dear Parents,

Each grade has been asked to prepare a Blizzard Packet for their students. If there is a snow day, students must complete one day of work. Each time there is a snow day, please have your child complete another day in the packet. There are five days prepared in the packet. Each snow day's work is due one week after the last day of a consecutive snowstorm. For example, if Monday and Tuesday are snow days, those two days of work will be due the following Tuesday. Students will be completing these independent work assignments at home on snow days in lieu of adding snow days to the school calendar. Thanks so much for your cooperation!

Sincerely,

Julie Hamberger and Anne DelMonico
