June 2020

To: All Parents and Guardians of New Students

From: Mrs. Ana Wennberg, BSN, RN

Physical Examinations and Immunizations

The Diocese of Wilmington requires that all **Pre-Kindergarten, Kindergarten,** and transfer students have a recent physical examination and the [Delaware Student Health Form](#) (within the past year) completed and signed by your child's physician. A copy of your child's **immunization record and any updates** must be on file in the Health Office. If your immunizations were delayed last year, please provide the updated documentation for this upcoming school year.

All forms are due by September 1, 2020. Please contact the nurse's office with any questions.

Individualized Healthcare Plans

If your child(ren) requires an individualized care plan, for example, for [food allergies](#), or for [asthma](#), you may download the form from the nurse webpage. Please take the form to your child's physician for his/her review and **your physician's signature**.

An updated Healthcare plan is required every school year.

Both forms are available on the [nurse web page](#) on our school's website. Go to www.smmschoolde.com > Academics > Faculty/Staff > scroll down to Staff > School Nurse.

Please contact Mrs. Ana Wennberg, RN with any questions or concerns by phone 302-656-2745 ext. 128 or by email schoolnurse@smmschoolde.com
