

BOYLE HEIGHTS

COVID-19 PREPAREDENESS

RESOURCE GUIDE

A Localized Boyle Heights Community COVID-19 Preparedness Resource Guide

Dear Boyle Heights Community,

In response to COVID-19 safety measures and LAUSD school closures, we want to ensure that you know what resources are available to you during these crucial moments. Today we are seeing countless community organizations, institutions, and individuals coming together to respond and support one another. Promesa Boyle Heights continues to stay committed to the community and we hope this guide helps ease the process to locate the necessary resources you may need to stay safe and healthy.

Thank you for doing your part in maintaining a healthy community by staying indoors when possible and practicing recommended guidelines by the Centers for Disease Control and Prevention. In doing so, we are protecting and caring for those most vulnerable in our community, such as our seniors, youth and those who are immune-compromised. We hope you find this local community guide helpful and ask that you please share it with your Boyle Heights neighbors through online platforms.

Special thanks to our Promesa partners who have helped gather and share this information to families: Communities in Schools, Inner City Struggle, Partnership for Los Angeles Schools, Proyecto Pastoral, Mendez High School, Roosevelt High School and all those providing these resources.

While schools are not open, we know that families will be in need of local resources.

This guide is meant to:

- Answer Frequently Asked Questions
- Provide a list of free local resources for families and the Boyle Heights community
- Provide basic Know Your Rights Information

This guide is not comprehensive, and we encourage you to stay informed and learn more about what is happening at your community schools and the programs your child is connected with, local news, or directly from the CDC, LAUSD and LA County at:

- CDC Updates at: <https://www.cdc.gov/coronavirus/2019-ncov/>
- LAUSD Updates at: www.LAUSD.net
- City of Los Angeles Updates at: <https://corona-virus.la/>
- County of LA Public Health Department: <http://publichealth.lacounty.gov/>

Please note that information is changing rapidly.

Frequently Asked Questions

Below are responses to frequently asked questions adapted from various sources.

What is Coronavirus Disease 2019 (COVID-19)?

Coronavirus disease 2019 (COVID-19) is a respiratory illness that can spread from person to person. Risk of infection from the virus that causes COVID-19 is higher for people who are close contacts of someone known to have COVID-19. It also may be possible that a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose, or possibly their eyes.

What are the main symptoms of COVID-19?

COVID-19 symptoms include mild to severe respiratory illness with symptoms of:

- Fever
- Cough
- Shortness of breath

What is Los Angeles doing to respond?

To prevent the spread of COVID-19, there are a few steps people can take to minimize the spread, by implementing measures such as *social distancing*, *self-quarantine*, and *isolation*. There are also many city and county-wide measures being implemented to help minimize the spread by calling for specific restrictions and providing resources and support. This includes the new March 19th "[Safer at Home](#)" [emergency order](#), calling on residents of the City of Los Angeles to stay in their residences and limit all activities outside of their homes beyond what is absolutely necessary for essential tasks.

Keep Healthy Distances

Social Distancing is avoiding crowds of 25+ people

Why? To help limit spread of contagious diseases like COVID-19

Have to go out? Stay 6+ feet away from others

Social Distancing is deliberately increasing the physical space between people to avoid spreading illness. **Staying at least six feet** away from other people lessens your chances of catching COVID-19. Examples include canceling/postponing events that draw crowds.

Other key social distancing examples that the community is being asked to practice and are being implemented county-wide already are:

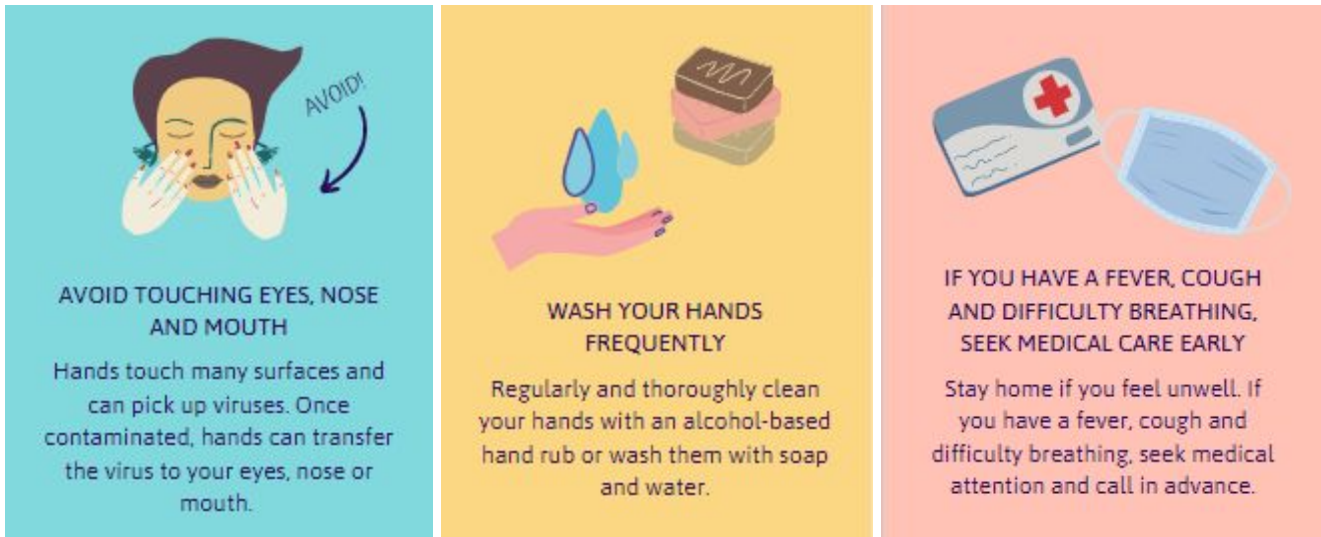

- Closing down schools, restaurants (pick up only), clubs and bars, gyms and fitness centers, movie theaters for example.
- Canceling and or postponing events such as sporting events, conferences, and other large meetings.
- Employers, when possible - are allowing employees to work offsite and meetings are being held virtually.

Self-Quarantine is to refrain from any contact with other individuals for a period of time (recommended period of time is two weeks) during the outbreak of a contagious disease, such as COVID-19, usually by remaining in one's home and limiting contact with family members. People that have been exposed to or are at risk (such as seniors), or those that are returning from traveling abroad should implement self-quarantine practices. This can also include:

- Washing hands frequently with soap and water for at least 20 seconds. (Use an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water are not available)
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash. If you do not have a tissue, use your sleeve (not your hands).

- Not sharing things such as towels and utensils (spoons, forks, cups, etc.)
- Staying home, not having visitors, and staying 6ft. away from other people in your household.

Isolation: For people who are **confirmed** to have COVID-19, **isolation** is appropriate. Isolation is a health care term that means keeping people who are infected with a contagious illness away from those who are not infected. Isolation can take place at home or at a hospital or care facility. Special personal protective equipment will be used to care for these patients in health care settings.

How is LAUSD Responding?

The Los Angeles Unified School District is closed for the next two weeks, starting March 18th, in response to the spread of the coronavirus (COVID-19). Los Angeles Unified will continue to provide nutritious meals to all students who need them during the temporary closure of schools.

Grab & Go Food Centers will be open beginning Wednesday, March 18, and will be staffed weekdays from 7 a.m. to 10 a.m. For the full LAUSD Resource Guide, visit: <http://bit.ly/2xaH1gE>

For Spanish, visit: <http://bit.ly/2Wqslig>

What can I do if I get stressed out about Covid 19?

Taking care of yourself, your friends, and your family can help you cope with stress. Helping others cope with their stress can also make your community stronger:

- Know how to alleviate stress by taking time to take care of yourself.
- Keep things in perspective: make sure to take time away from the news to focus on things in your life that are going well and that you can control.
- Get the facts: Find people and resources you can depend on for accurate health information ([LA Public Health](#), [Center for Disease Control and Prevention](#)). Learn from them about the outbreak and how you can protect yourself against illness, if you are at risk.
- Keep yourself healthy: Eat healthy foods, and drink water, avoid excessive amounts of caffeine and alcohol, get enough sleep and rest, and get physical exercise. **Stay connected and reach out if you need more support.** Talk to trusted friends about what you are feeling. ([SAMHSA](#))

Tenant Rights

- **City of Los Angeles**
 - Governor Gavin Newsom issued an executive order that authorizes local governments to halt evictions for renters and homeowners, slows foreclosures, and protects against utility shutoffs for Californians affected by COVID-19.
 - The order does not relieve a tenant from the obligation to pay rent, or restrict the landlord's ability to recover rent that is due. The protections are in effect through May 31, 2020, unless extended. The order also requests banks and other financial institutions to halt foreclosures
- **Eviction Defense Network:**
 - A nonprofit community organization dedicated to protecting the right to decent, safe, sanitary and affordable housing. Serve households facing eviction by providing consultations for a donation (no one turned away due to lack of funds) and/or providing representation in court on a sliding fee scale based on ability to pay (payment plans are available)
 - Please send an email to: askanattorney@edn.la. If you don't have email, send a text or call: 213/537-5473 and your request will be screened by a paralegal. (For more information, click [here!](#))
 - and related evictions during this time period. The full Executive Order can be found [here](#).
- **Inquilinos Unidos:**
 - A nonprofit dedicated to empowering low-income tenants through community organizing, education and advocacy to fight for safe, decent and affordable housing in Los Angeles.
 - If you or a family member is in need of eviction prevention assistance, please call (213) 483-7497. If you are sent to our voice mail, please leave your name, telephone number and date of call, and someone will return your call to schedule an over the telephone consultation. Those tenants in need of further legal assistance will be referred to a network of volunteer attorneys.
