

Bishop Reicher will continue its distance learning for March 30 through April 3, and possibly longer. Lessons will be available on the FACTS/SIS system and/or in Google Classroom as communicated by the teachers. Teachers are also using other digital media to instruct and engage students and for communicating to parents. Teachers are also looking for ways that students can return work to them digitally. You will hear more about these digital learning platforms from your child(ren)'s teachers in the coming weeks. We are all sharpening and improving our distance learning plan as we learn these new tools.

The Bishop Reicher campuses will have one more designated pick up for instructional material on Friday, March 27, from the elementary campus and the high school campus according to the schedules shown below. Only the grades shown below will have physical packets to pick up. Access will be limited to meet the guidelines being set by CDC and the City of Waco. This will be a drive through pick up only, drivers will not be able to leave their vehicles. All material will be delivered to the cars. There will be no alternate pick up times.
