

# Fall 2020 Town Hall Meeting

## Feedback Form

**(Please return by October 25th)**

The purpose of our fall 2020 town hall meeting was to communicate the processes that the building committee went through to arrive at our master plan for the building project presented in the virtual town hall in July 2020.

Now that you have had the opportunity to hear from the building committee in person, we would invite you to offer additional feedback in the space below.

**After today's town hall meeting, please share with the committee what you are most looking forward to with this building project:**

**It is possible you still have concerns about this building project. Please share with the building committee those concerns you would still like addressed:**
