

Since you have finished your Third Grade year,

I have a little more to say,

I know in life you will achieve success,

So, this is what I pray...

Your struggles do not own you,

Don't let hard times bring you down,

Turn the bad into the good,

Share a smile instead of a frown.

Know that you are valuable,

Recognize your worth,

Be happy with who you are,

You've been special since your birth.

Treat others with respect and love,

Do not tear people down,

We are here to make a difference,

Your love can turn someone's day around.

As we look back on this year,

We have learned so much,

The Regions, Reading, Writing, Grammar,

Multiplication, and such.

Although these are important,

Listen closely with your heart,

If there is only **ONE THING** to remember from me...

I've loved knowing and teaching you from the start.

Love,

Mrs. Morrison 2020
