Extended Care 2020-2021

We are excited to start a new school year with you and your children! Our goal is to provide students with a safe and fun environment before and after school. We will be implementing necessary health protocols in response to COVID-19, and have purchased cleaning supplies and PPEs to meet health department requirements. Students will be grouped in small groups to limit exposure, and we will be following all school policies regarding temperature checks, isolation room, and illness. We will also follow sanitation practices for all toys and manipulatives.

This year, we are blessed to have Ms. Diana returning, and also Ms. Carolyn and some new faces joining us in our after-school program. In order to have a safe and successful program, all students must follow the Extended Care Program rules and procedures. These can be found on our website's Registration page under Documents and in the School Handbook.

IMPORTANT:

I will always try to keep you informed and updated about our program. I hope you will not hesitate to come to me if you have concerns or questions. Please keep our extended care phone number available so you can contact us during our program hours, **(850) 865-2945**.

HOMEWORK TIME:

We will continue to have 30 minutes of supervised homework time Monday through Thursday from 3:30-4:00. If you would like your child to participate, please sign and return this form to me. Explain to your child that this time will be used for written homework or studying. There will be a no talking rule and also assigned seats for this 30-minute session.

Thank you for your support!

Peggy Broaddus
Director of Extended Care

I wish for my child(ren), _____,
to be included in the Monday-Thursday structured homework time.
