## WORKSITE INFORMATION

We will be working in many different areas of the greater Kansas City, KS and Kansas City, MO areas. This will include minor home repair, such as general cleanup and repair, painting indoors and out, and general yard clean up. We have rebuilt wheelchair ramps and put in new ramps in the past. There are a lot of major repairs at times that need expert trouble shooters; let us know if you’re one of those. We also work with elderly and low-income agencies to help with general clean up. We work with an agency called Upper Room where we help young people keep up their learning skills, as well as learn to read, and work with arts and crafts.
