

MADE FOR GREATNESS, By Jacob Hudak, published on October 24, 2019

This year's school theme is made for greatness. It is our school theme because we should always strive to be our best. My class can use our school theme by showing our pride in our school. This can be done in different ways, such as participating in the various clubs our school has to offer, or just wearing shirts and such with our school logo on it. Mrs. Updegrove chose this as our school's theme when she was inspired by a sticker she saw that said "made for greatness". She is hoping that students will know that they were made by God, and it is for God that we are called to love with all our hearts, She also said we would have an assembly once a month related to the theme and it will include the seven habits of happy, healthy kids.

Mrs. Seguin will be incorporating this year's theme into her class by remembering how God intended us to be. She is hoping her students will remember that God's plan is bigger than they would imagine. Mrs. White is incorporating this year's theme into her class by having her students look to find greatness in each other. She is hoping her students will learn that they are called by God to be the best version of themselves.
