Learning Targets

Religion - We are beginning Chapter 9: A Free People, which focuses on Moses leading God's people, God giving them the law, and God leading them toward the promised land. Memory continues with the students being graded on memorizing a Bible verse every week. Also, the students will be writing a paragraph on "What Makes St. Peter School special to them."

Math - We are working on ratio rates and we will be moving into unit rates.

Science - Topic 6: Weather in the Atmosphere. We're on lesson 2 focusing on water in the atmosphere and the water cycle. This will lead into air masses, weather, and severe storms.

ELA - no update available at this time

Social Studies - no update available at this time

From the Teacher

Happy New Year! 2021 is certainly roaring in with the continued concerns about the pandemic and it's new strains, the unrest of our nation, and the inauguration of our 49th president and first female vice-president. Through all these situations, may God continue to watch over each and every one of us, keeping us healthy and strong, leading parties to compromise during times of unrest, and finding peace and healing for our nation - "...one nation, under God, indivisible, with liberty, and justice for all."

Catholic Schools Week - is happening! I can't reveal all the details just yet, but I can tell you that on Color Day, our class color will be pink (you know it's my favorite color). Look for more details to come in the near future.

The Messenger - please read The Messenger sent out on Jan. 12 for other important information.

COVID-19:    Let's be safe!

Things to work on...

Finish any work you did not complete during this distant learning time.

HAPPY BIRTHDAY!
