08/18/2021

Dear Parents of Students attending Cankton Elementary,

I am writing this letter to all in an attempt to inform the **Car Rider** parents of the New system that will be implemented for the Picking Up/ Dropping Off of children.

The Administration of Cankton Elementary along with myself agree that for our children's protection as well as our parents, we will not allow ANYONE to exit a vehicle unless they are let out of the vehicle by a faculty member on duty.

We will utilize the parking lot at church by farming an "S" shaped line of cars in the Parking lot. (see Diagram below)

As the Chief of Police I have implemented areas of "No Parking" along the shoulder of HWY 93 (Main St) which is clearly marked by white dashed lines, these areas are residential driveways and are marked and signage is up advising vehicles that it is illegal to block a driveway. I am asking for everyone's assistance in implementing this process. It is both for the safety of you and your children and also for the patrons who travel our busy little hwy.

If I can ever be of assistance in anyway, Please do not hesitate to call.
Thanks again,

J Brent Breaux
Chief of Police
Cankton Police Department
