

Dear St. Gerard Parents,

The auction was a fantastic success! While it takes a few weeks for all the numbers to come in and to know our final totals, we can confidently say that we had fantastic classroom projects, special experiences to bid on, and some really fun raffles! We had roughly 250 people attend, including so many volunteers who helped make it all come together. After a necessary long, two year pause, our goal going into the auction was to raise money for the school and be able to bring the St. Gerard community back together for an in-person event.

It is with much gratitude that Moncia, Mary, and I thank all of the volunteers for the many hours it took to put on an event of this size! We particularly want to recognize the chairs of the various committees. They worked extra hours during the weeks leading up to the auction to make sure everything went off without a hitch!

Thank you to our wonderful St. Gerard families!

With gratitude,

Shawna Payne  
Monica Palinski  
Mary Gallegos
