

CHAOS

Thank you for your interest in this youth ministry.

Teenagers today are a lot different than teenagers from 20, 10, or even five years ago. As teen culture changes and evolves, the way we present the timeless truth of the Catholic faith needs to evolve, as well. CHAOS (Christ Has All Our Solutions) extends into the high school years and offers program nights and resources that are responsive, innovative, and engaging.

A team of Catholic adults accompanies young people as disciples - and that's where we need you! Whether we have large group gatherings, small group ministry, or a mix of both, CHAOS provides our high school teens an opportunity to grow and share their faith with peers and others outside the church through ministry opportunities.
